Great castles of the world

A castle in England

Windsor Castle is in a big park near London. It's an old castle and it's very big. There are about 20 towers, but there isn't a moat near the castle. 150 people work in the castle, and there are 250 bedrooms.

The royal family use a small private part of the castle, with a living room, kitchen, bedrooms, and bathrooms. You can visit other parts of the castle. The dining hall is amazing – it's 50 metres long, and there are chairs for 160 people. There are 20 chefs and 13 other workers in the kitchen.

A castle in Poland

Malbork Castle is on the River Nogat in Poland. There's a very tall tower and there are two moats, but there isn't any water in the moats.

It's a museum and it's a great place for families to visit. When you walk under the enormous gates into the castle, you go back into the history of Poland. There are shows with actors and horses – they play the parts of knights and kings in historical games. You can even explore the castle by candlelight!
