

1 Przeczytaj tekst. Który sport jest najbardziej niebezpieczny? Dlaczego?

Exciting but extremely dangerous!

1. BASE jumping or B.A.S.E. jumping

is an individual sport. It is parachuting or wingsuit flying from a building or cliff, but it is more dangerous. People who do this sport wear helmets and have got parachutes, but they jump in places where it is very difficult to control the jump. These jumps may be dangerous for the jumper and for the people on the ground. There are some places where you can't do this sport because it is illegal.

2. Cross-country jumping is a really dangerous sport for the horse and the rider. They must ride fast through hills and forests, and jump over logs, fences, or streams.

To score points, they should ride fast and make clear jumps. The sport is tiring, so the rider and the horse must be very fit. Sometimes, there are very serious accidents, and the horse can be hurt. It is more important to finish the race safely than to be very quick.

3. Whitewater rafting is a team sport. It is a very challenging sport. You go down a very fast river in a small boat. Wearing a helmet and a life jacket is very important. You also need oars and waterproof clothes. The most important thing is teamwork because the risk of an accident is high.

2 Przeczytaj ponownie tekst z ćwiczenia 1. i podkreśl rzeczowniki. Sprawdź znaczenie nieznanymi wyrazów w słowniku. Uzupełnij wyrazy a–f odpowiednimi literami. Dopasuj wyrazy a–f do odpowiednich tekstów z ćwiczenia 1.
