Hello! I'm Mark and I'm from Canada. Canada is the best country in the world! It's beautiful and the weather is nice too. It's snowier in winter than in Australia for example. We love ice hockey in Canada. It's my favourite sport. It is more exciting than basketball or handball. And it is cheaper and easier than windsurfing or surfing. It's for sure better than dodge ball.

Hi! I'm Jenny and I'm from Australia. Australia is the most exciting country and continent of all. In Australia people love sports and they do many different activities. I love windsurfing! Windsurfing is very popular in Australia. My brother John thinks windsurfing is more difficult and more dangerous than any other sports. He's a very good surfer, but he thinks sailing is the best!
