My name is Mandy and today's entry is about my favourite animal - the panda. I really love pandas! They aren't <sup>1</sup> \_\_\_\_\_ (**intelligent**) chimpanzees or baboons, but they are really lovely. Pandas are bears so they are <sup>2</sup> \_\_\_\_\_ (**big**) and <sup>3</sup> \_\_\_\_\_ (**heavy**) than monkeys. Their situation is <sup>4</sup> \_\_\_\_\_ (**bad**) than the situation of other animals because bamboo forests are getting smaller and smaller. Pandas will soon have no place to live. I hope we can do something to make pandas' lives <sup>5</sup> \_\_\_\_\_ (**good**) than they are now!
