**DIANA** It was one of those bad days when everything goes wrong. First, I woke up late because my alarm clock didn't ring. Then, when my brother was leaving the bathroom, I bumped into the bathroom door and hurt my head. Next, I burnt my hand when I was making some toast. 'Where did I put my key?' I asked myself when we were leaving. I couldn't find it anywhere, but I said nothing and we left the house. It was dark because it was raining again. When mum was driving us to school, we saw a black cat run across the street. 'This is going to be a very unlucky day', I thought sadly. And you know the rest.

- Why did Diana wake up late?
- How did she hurt her head?
- When did she burn her hand?
- What was she looking for before leaving for school?
- Why was it dark outside?
- What did she think when she saw the black cat?
